## THE NORTH DAKOTA 4-H FOUNDATION

The N.D. 4-H Foundation exists to provide support and guidance for the development of 4-H programs in North Dakota and for related 4-H activities of the NDSU Extension Service.

In 2007, over 38,000 young people in North Dakota participated in 4-H related activities. This includes 5,800 4-H members in nearly 500 clubs.

There are more than 100 programs and activities available across the state. These programs are coordinated by Extension specialists and staff, and by 3,800 adult volunteers and leaders.

The Foundation provides financial support for a wide range of programs, including Communication Arts, Science, Engineering and Technology, 4-H Ambassadors, state and national conferences, outdoor skills, Aerospace camp and scholarships.

Your support of the Foundation helps North Dakota's future leaders have access to hands-on youth development programs which will serve them throughout their lifetimes.
