VIDEO Library (See 4-H web site under Staff Info section for descriptions)

*******TRUNK CHECK OUT FROM DISTRIBUTION CENTER*******

OUTDOOR EDUCATION:

Tackle Crafting Trunks - Each trunk is designed around the 4HCCS sport fishing curriculum helpers guide. Activities are designed to teach youth and adults about fish habits and preferences based on bait presentation methods.

- 1) In-line Spinners - this trunk is available to teach spinner making. This kit makes in-line mepps type spinners.
- 2) Spinner Baits - this trunk is used to create spinner baits designed for northern pike and bass fishing.
- 3) Lead Head Jigs - this trunk is used to teach skills in making lead head jigs which are used for a variety of fish species.
- 4) Plastic baits - this trunk is used to teach how to make soft plastic baits like frogs, worms and grubs.

Hunting Ethics/Wildlife Conservation/Camping-Survival Skills Educational Trunk

Trunk contents cover topics such as hunting laws and regulations, bird watching, animal identification, map reading, and orienteering. Items within the trunk include: bird calls, binoculars, bird books, replica animal tracks, compasses, survival tent supplies, maps, game calls, and camouflage materials. Also included is a resource book to aid user in developing games and activities for groups of kids. Life skills that can be targeted include: critical thinking, teamwork, mental and physical competence, survival skills, positive youth development, safety, and ethics.

Waterfowl Identification Trunk

This trunk is designed to help 4-H leaders teach waterfowl identification in a club setting. Trunk contents are:

- lesson plan
- waterfowl identification video tape
- duck wings and quiz sheet
- waterfowl identification resources
- educational resources emphasizing *fun and learning*,
- activities targeting younger members
- discussion questions
- plans to make a wood duck nesting box, a goose mobile, mallard nesting basket and waterfowl decoys
- duck drawing instructions

Raptors (Hawks and Owls)

Explore the life of raptors by dissecting "owl pellets" and identifying the remains of prey animals in owl's diet. Includes replica parts and resource books.
