

Building Committee Meeting

October 19, 2009, 7:00 pm

Jerry Doan, Louise Gobbs, Marv Abraham, Stacy Lelm, Jeri and ElRoy present.

Discussion on the floor finish of the building arena. Several members went to Bismarck Mandan Saturn and Duane's Auto Body to see the diamond polished floors. General consensus was to use a color with the polishing to warm up the floor and building. Colors were reviewed and the Black Diamond 50% was the color of choice. Marv moved to go with the Black Diamond 50% color for the polished floor. Stacy Lelm second the motion and motion carried.

Trailer Discussion: All previous bids were rejected on the bid letting. Marv Abraham took the bids and did some detail review of the individual trailers, as well as service for each trailer. Marv presented information on the D & S Trailer, Extreme Trailers and Acme Electric Trailer-Wells Cargo. After detail review of each, it was decided that the best buy for the price, with service and resale ability was the Wells Cargo Trailer from Acme Electric. Louise moved to reconsider the previous motion and purchase the Wells Cargo Trailer from Acme Electric. Stacy Lelm seconded the motion and motion carried.
