

Static Committee Report September 2009

The Static Committee had a meeting by email in September. It was unanimously decided that the 4-H Fair was a success this year and that we would all like to see it again next year in July. Comments that had been heard from others included leaders liked the set up of the ribbon tables, liked having the fair before the state fair, lots of fun stuff to do throughout the day, good media coverage, re-evaluate length of day. A proposed date for 2010 of either July 10 or 17 was given to all members and was then voted on by email. All members responded with the date of July 17th being the chosen date.
