

Mow Safely

NDSU Extension Service
NDSU Agricultural and Biosystems Engineering
NDSU Ag Communication

Wear leather shoes and long pants.	Direct clippings away from people, pets and houses.
Protect your hearing and eyes.	Allow mower to cool before refueling.
Make sure shields and protective equipment are in place.	Ride mowers up and down slopes; push mowers across.
Keep safety shut-off and other features in good repair.	Disconnect spark plug before cleaning or maintaining mower.
