

# 2001 Wheat Midge Larval Survey

Not Surveyed    0-200    201-500    501-800    801-1200    >1200

Midge larvae per square meter

The current wheat midge soil survey was based on soil samples taken last fall by county extension agents under the direction of NDSU entomologists. The North Dakota Wheat Commission provided financial support for the effort.
